No. 3797-3819 Dated, Bangalore, Feb. 19. 1911

CIRCULAR.

A certain case that had been operated upon in one of the State Hospitals having ~~been~~ ended fatally, a complaint was made to Government by the parties interested in the deceased that the operation had been performed without their consent. On enquiry it was found that the Medical Officer concerned had failed to take the elem-entary precaution of obtaining the express sonsent of either the patient ~~or~~ the patient's relatives befo-re performing the operation. As the reputation of a Medical Institution is likely to affected if, as h-as happened in the above case, an accident should occur during (or subsequent to) an operation performed without the actual consent of the parties c-oncerned, all Medical Officers & subordinates are hereby informed that before performing an operation the consent of the parties concerned, should, invariably in the absence of any emergency, be obtained.

J. V. Bramwell

Senior Surgeon.
